Proposed Change:	Auto-update the "Last Updated" and "Last Updated By" data fields in the IU screen when a file is uploaded in CAIS via the IU upload screen.				
Justification:	It would benefit all CAIS users by allowing them, at the IU screen, to see who last updated an IU when the IU upload feature is used. Currently at the IU screen the "Last Updated" and "Last Updated By" data fields are only updated when the SAVE button is pressed at the IU screen. If I submit an upload file to have the "Last updated" and "Last Updated By" data fields auto-updated with the name of the person who submitted the CAIS upload file and the date the file was uploaded via the IU upload screen.
