Office of Asset Management (MA-50)
Subject: Condition Assessment Information System (CAIS) Version 3.12 Release

Today, Wednesday, October 11, 2017, version 3.12 of the Condition Assessment Information System (CAIS) was released. This release addresses the enhancements listed below.

COST ESTIMATING MODULE ENHANCEMENTS

- The **Quantity** field on the Estimate Detail window has been modified to accept up to two decimal positions.
- The Estimate Type Search window has been modified to include the following RS Means unit cost values as outlined in Change Request 17-06.
 - Equipment
 - Material
 - Labor
 - Overhead
 - Total

AD-HOC REPORTING TOOL ENHANCEMENTS

- The CAIS Ad-hoc Reporting tool has been modified to include **Assigned Contractor** and **Group** data elements in the Available Display Column pick list when performing IU level queries for both active and archived assets. This enhancement is associated with Change Request 17-02.

SYSTEM DOCUMENTATION

- The CAIS User's Guide has been updated to reflect the enhancements included in this release. This document can be obtained from the CAIS website at <https://cais.doe.gov/caisinfo/doc.html>.

If you have any questions related to these enhancements, please contact the FIMS/CAIS Help Desk at 301-337-6019 or via email at fims_cais_help@hq.doe.gov.
