Request for Change
Change Request #: 19-06**

Requestor Name:	Amy G Lizarraga	Date:	7/18/19	Affiliation:	
Email Address:	amygl@SLAC.stanford.edu	Phone No:	650-926-3095	DOE	
Site Name:	SLAC National Accelerator Laboratory	HQ Program Office:	Oakridge	Contractor	
Proposed Change:	<p>For the Projects Module (and under Site Data), requesting an increase in the number of characters for Funding Source code and Funding Type code.</p> <p>Currently, only two characters are allowed for Funding Source code and Funding Type code.</p> <p>Requesting Funding Source code be at least three characters and Funding Type code be at least four characters.</p>				
Justification:	<p>As is currently, the site cannot match the Funding Source and Type codes to what is typical.</p> <p>For example, for funding source, we have Science Line Items, which are SLI. As currently structured, I am limited at two.</p> <p>For funding type, IGPP is a typical type of project and I am limited to two characters.</p>
