Office of Asset Management (MA-50)
Subject: Condition Assessment Information System (CAIS) Version 3.19 Release

Today, Tuesday, November 13, 2018, version 3.19 of the Condition Assessment Information System (CAIS) was released. This release addresses the enhancements listed below. Change Requests can be found on the CAIS informational website at <https://cais.doe.gov/caisinfo/cr.html>.

CAIS to FIMS Upload

- The FIMS Upload process has been enabled now that the FIMS FY18 year-end snapshot has been generated.

Asset Detail

- **Functionality Assessment Date** has been added to the Asset Detail window. This FIMS data field will display the FIMS value but is updatable for sites that desire to update this date through CAIS. The update to FIMS will occur when the Save button is clicked on the Asset Detail window.
- The Functionality Assessment Date label on the Asset Detail window will display “FIMS” if the date value is input in FIMS or will display “CAIS” if the date value is input in CAIS.
- Review the CAIS Data Element Dictionary for the definition and requirements for this data field.

Estimating Module

- A new Adders button has been added to the bottom of the Estimate Detail window. This feature will allow an Adder(s) to be applied to all Estimate Line Items at once.
 - Before this enhancement, Adder(s) could only be applied to a single Estimate Line Item at a time using the Adder button on the right side of the Estimate Detail window. This functionality is still available.

Report 007 Cost Estimate Detail

- The **Quantity** data field has been enhanced to display decimal places.

Change Request #17-04

- Added the ability to sort Report 005 Complete IU Detail Report by **Equipment ID**.

Change Request #18-01

- **Status** has been added to Report 004 Condition Index Report on the Excel and PDF formats.

CONDITION ASSESSMENT INFORMATION SYSTEM (CAIS)

Change Request #18-03

- The Excel format of the Cost Estimating Report has been modified to include the RS Means cost breakdown for Equipment, Material, Labor, and Overhead and the RSM Unit Cost.

System Documentation

- The CAIS User's Guide has been updated to reflect the enhancements included in this release. This document can be obtained from the CAIS website at <https://cais.doe.gov/caisinfo/doc.html>.

If you have any questions related to these enhancements, please contact the FIMS/CAIS Help Desk at 410-482-0111 or via email at fims_cais_help@hq.doe.gov.
