Office of Asset Management (MA-50)
Subject: Condition Assessment Information System (CAIS) Version 3.22 Release

Today Thursday, March 21, 2019, version 3.22 of the Condition Assessment Information System (CAIS) was released. This release addresses the following enhancements.

Assembly Detail

- The capability now exists that allows you to see the individual line items that comprise an Assembly. The Assembly numbers within CAIS and in the estimating module have been hyperlinked. When you click on the hyperlink, a popup window will appear that will include the assembly detail. An example of the hyperlink is:
 - [C30204100160](#) (underlined RSM Line Number)
- These Assembly hyperlinks can be found on the:
 - Line Number search window that is accessed from the Asset menu, IU Detail and Estimate Detail windows
 - IU List window
 - IU Detail window
 - Estimate Detail window

Cost Estimate Detail Report

- The Cost Estimate Detail report (CAIS 007) has been modified to display the FIMS **Property ID** that has been linked to the estimate. This includes both the PDF and excel versions of the report.

System Documentation

- The CAIS User's Guide has been updated to reflect the enhancements included in this release. This document can be obtained from the CAIS website at <https://cais.doe.gov/caisinfo/doc.html>.

If you have any questions related to these enhancements, please contact the FIMS/CAIS Help Desk at 410-482-0111 or via email at fims_cais_help@hq.doe.gov.
