Proposed Change:	<p>Develop a new standard report titled "Job Cost Phase Report" that will be generated from the Estimating Module. The new report will include the following data elements.</p> <ol style="list-style-type: none"> 1. Source 2. RS Means Line Number 3. Line Number Description 4. Quantity 5. Unit of Measure 6. Material Cost 7. Labor Cost 8. Equipment Cost 9. Total Cost 10. Location <p>The report would include subtotals by the first two digits of the RS Means Line Number for Master Format and Maintenance Master Format line items and the first three characters of the RS Means Line Number for Assembly and Maintenance Assembly line items. There would also be a Total Estimated Cost at the end of the report.</p> <p>The report would only have an Excel output option. Report would be sorted by the RS Means Line Number. See attached for sample layout.</p>				
Justification:	Time reduction that will eliminate time needed to modify the current estimating module report in CAIS.
