Change Request #: 22-06**

Requestor Name:	Nick Zontos	Date:	04/27/2022	Affiliation:	
Email Address:	nzontos@slac.stanford.edu	Phone No:	16502063170	DOE	
Site Name:		HQ Program Office:		Contractor	X
Proposed Change:	Modify the New and Existing IU Upload capability to include Project ID. This would allow the user to enter a valid Project ID into the upload file. The upload process would store the Project ID into the IU record being updated. In addition, once the IU is linked to the project, the project cost fields would automatically be updated to reflect the addition of the newly linked IU.				
Justification:	We have several large projects that may retire hundreds of IUs and it may be more straight forward to batch upload updates for iterative process using the template rather than link/de-link individually in the projects module. If this functionality is possible and implemented, it would allow for more efficient use of this module.
