Subject: Condition Assessment Information System (CAIS) Version 3.51 Release

Today, Thursday, June 6, 2024, version 3.51 of the Condition Assessment Information System (CAIS) was released. This release addresses the following enhancements.

Change Request 24-01 (Assembly Detail Export)

The Assembly Detail popup window has now been modified to include an export option. This will allow you to export the contents of the Assembly Detail window to an Excel spreadsheet. This functionality is available on the Condition Assessment, Custom RPV and Estimating module areas of CAIS.

Custom RPV In Progress Estimates

The Custom RPV list window has been modified to include a checkbox that will allow you to quickly view the Custom RPV estimates that are currently “In Progress”. This checkbox is above the Custom RPV List.

The CAIS User’s Guide has been updated to reflect enhancements associated with this release. This document can be obtained from the CAIS website at <https://fims.doe.gov/caisinfo/doc.html>.

If you have any questions related to these enhancements, please contact the FIMS/CAIS Help Desk at 202-287-1397 or via email at fims_cais_help@hq.doe.gov.
