Request for Change  
Change Request #: 12-15**

Requestor Name:	Gary Horn	Date:	07/25/2012	Affiliation:	
Email Address:	gary.horn@hq.doe.gov	Phone No:	202-586-9296	DOE	X
HQ Program Office:	MA-65			Contractor	
Proposed Change:	<p>Make the following modifications to FIMS to align with the FRPP FY12 data dictionary. Three new usage codes have been added to the FRPP. Those codes are:</p> <ol style="list-style-type: none"> <li>1. <u>Data Center</u> – Building that stores and/or manages server, network, and computer or telecommunications equipment.</li> <li>2. <u>Outpatient Healthcare Facility</u> – Buildings used primarily for outpatient diagnosis, treatment, and therapy, includes medical, dental, mental health, and substance abuse treatment facilities.</li> <li>3. <u>Comfort Station/Restrooms</u> – Building with toilet and lavatory facilities for pedestrian use. May include showering facilities.</li> </ol> <p>As a result, FIMS will require some minor usage code modifications. There are two existing FIMS building usage codes that will require slight definition modifications and one new usage code will have to be added in order for us to be able to report.</p> <ol style="list-style-type: none"> <li>1. Rename building usage code 297 Computer Building to 297 Data Center and redefine as follows: Buildings that store and/or manage server, network, and computer or telecommunications equipment.</li> <li>2. Redefine building usage code 211 Medical Clinics as follows: Buildings used to provide outpatient diagnosis, treatment, and therapy. This includes medical, dental, mental health, substance abuse, and emergency treatment.</li> <li>3. Add the following new building usage code to FIMS. <b>298 Comfort Station/Restrooms</b> – Buildings with the primary purpose of providing toilet and lavatory facilities for pedestrian use. May include showering facilities.</li> </ol>				
Justification:	Modifications are necessary to facilitate FY12 reporting to the Federal Real Property Profile (FRPP).
