Proposed Change:	Create a button on the Ingrant 1 window and the New Land window that will be placed along side the Expiration Date. This button will be labeled "Set Perpetual Easement" (similar to the button that exists on the Outgrant window). When clicked, this button would set the Expiration Date to 01/01/9999 designating the asset as a perpetual easement. The Lease Authority field will be designated as optional for Easements.				
Justification:	This request will simplify the distinction between perpetual and temporary easements within FIMS.
