Proposed Change:	1. Create a new building usage code heading "28 Museums and Memorials (No Entry)." 2. Revise the usage code 293 definition to add the underlined clause so that it reads: "293 MUSEUMS/SHRINES/NATIONAL LANDMARKS/HISTORIC BUILDINGS - Buildings that display artifacts, or are themselves historically significant <u>but do not comprise a portion of the Manhattan Project National Historical Park</u>." 3. Revise the usage code 2919 definition to add the underlined clause so that it reads: "2919 STRUCTURES, MONUMENTS AND MEMORIALS (Primary Unit of Measure = Each) - Memorial stones, statues, or structures erected in remembrance of persons or events <u>not to include Manhattan Project National Historical Park structures</u>. 4. Migrate all records citing usage code 293 MUSEUMS/SHRINES/NATIONAL LANDMARKS/HISTORIC BUILDINGS to new usage code 282 MUSEUMS/SHRINES/NATIONAL LANDMARKS/HISTORIC BUILDINGS. Then delete usage code 293 to free it for a future application. 5. Create a new usage code: "283 MANHATTAN PROJECT NATIONAL HISTORICAL PARK BUILDINGS – Buildings that display artifacts or are themselves historically significant and comprise a portion of the Manhattan Project National Historical Park." 6. Create a new usage code: "2918 MANHATTAN PROJECT NATIONAL HISTORICAL PARK STRUCTURES (Primary Unit of Measure = Each) - Memorial stones, statues, or structures associated with the Manhattan Project National Historical Park."				
Justification:	This change would assist the Department, programs, and sites in distinguishing its owned or leased assets that comprise or support the Manhattan Project National Historical Park without introducing a new FIMS data element as RFC 15-06 proposes. This change would impact the following numbers of assets (based on the FY 2014 snapshot): <table><tr><th>Usage Code</th><th>Asset Count</th></tr><tr><td>293</td><td>26</td></tr><tr><td>2919</td><td>43</td></tr></table>
