Proposed Change:FIMS RFC 16-18 requested a new data element titled "Activity Type" in the Anticipate Acquisition Module (AAIM) to identify the approach and funding source for acquisition of real property.Create an analogous field in the active FIMS database to collect the "Activity Type", associated with either the <i>Initial Acquisition</i> or <i>Adjustment</i> cost, when a record is moved from AAIM to the active database.				
Justification:   This will allow FIMS users to retain collected information.
