|---|--|-----------|--------------|--------------|---|
| Requestor Name: | Adam Pugh | Date: | 06/10/2019 | Affiliation: | |
| Email Address: | Adam.pugh@hq.doe.gov | Phone No: | 202-237-1397 | DOE | X |
| Program Office: | MA-50 | | | Contractor | |
| Proposed Change: | <p>Remove the Status option of Outgranted from FIMS. The following items will be necessary to complete this request.</p> <ol style="list-style-type: none"> 1) Ensure all assets with the Status set to 'Outgranted', have the Outgrant Indicator set to 'Yes' and the Outgrant window data populated. 2) Convert all assets with Status set to 'Outgranted' to 'Operating'. 3) Remove the 'Outgrant' option from the Status picklist. 4) Modify the Outgrant window for OSF assets, so the Size Unit of Measure is displayed (i.e., Gallons, Each, Cubic Feet) and the Outgrant Size is recorded in the OSF Size Unit of Measure instead of the current default sqft. 5) Add a new system generated data field, Outgrant Size % <ol style="list-style-type: none"> a. (Sum the Outgrant Size for an asset / Size) * 100 b. Add to the Ad Hoc tool c. Definition: The sum of all the outgranted space for an asset divided by the Size of the asset expressed as a percentage. | | | | |
| Justification: | <p>This change was vetted at the 2019 FIMS/Real Estate Annual Training. The Outgrant Indicator is used for reporting to the FRPP. The Outgrant Status option was defined to be used when more than 50% of the asset is outgranted based on Size. With the new calculated Outgrant Size %, we will know the exact percentage of the asset that is outgranted and can query and filter on this data value.</p> | | | | |
