Program Office:	MA-50			Contractor	
Proposed Change:	Eliminate the requirement to populate the Excess Date when the Excess Indicator is equal to 'No'. Excess Date would be disabled when the Excess Indicator is set to 'Yes'.				
Justification:	There is no value in collecting this data. It is not consistently populated in FIMS, therefore making analysis difficult. Estimated Disposition Year provides the estimated year the asset is to be disposed of which is far more valuable. This change was discussed at the June FIMS/Real Estate Annual training with no objections.
