Change Request #: 24-01**

Requestor Name:	Billy Ray Johnson	Date:	03/25/2024	Affiliation:

Program Office:	NNSA			Contractor	X
Proposed Change:	<p>Modify the Run Report option in the AAIM module to provide a popup window of all data elements that will be exported to Excel. By default, all data elements will be checked. The end user will have the option of deselecting those data elements they do not wish to be exported to Excel and also change the order that the data elements will appear in Excel.</p>				
Justification:	<p>This would allow us to create custom formatted AAIM reports. Some of the Planning people are only interested in specific AAIM data elements, so I end up having to manually modify the current standard (only) AAIM report. This would save me a lot of time.</p>
