Office of Asset Management (MA-50)
Subject: Facilities Information Management System (FIMS) Version 3.20 Release

Today, Thursday, December 3, 2020, version 3.20 of the Facilities Information Management System (FIMS) was released. This release addresses the enhancements listed below.

Standard Report #016 (DOE Owned Data Validation Reporting Form)

- The following 5 data elements have been added to the Bridge Inspection sheet of the DOE Owned Data Validation Reporting Form. These data elements will be included as part of the bridge safety inspection verification for FY21 Data Validations.
 - Safety Inspection Frequency
 - Special Inspection Frequency
 - Special Inspection Date
 - Underwater Inspection Frequency
 - Underwater Inspection Date

Source Documentation Worksheet

- The Source Documentation Worksheet has been updated to align with the FY21 Data Validation Guidance.

With these changes, the FIMS Validation Standard Reports and the Source Documentation Worksheet are updated for the FY21 Data Validations.

If you have any questions related to these enhancements, please contact the FIMS Help Desk at 410-482-0111 or via email at fims_cais_help@hq.doe.gov.
