Subject: Facilities Information Management System (FIMS) Version 4.6 Release

Today, Thursday, June 27, 2024, version 4.6 of the Facilities Information Management System (FIMS) was released. This release addresses the enhancements listed below.

FIMS/CAIS Single Sign-on

- We have now implemented single sign-on for FIMS/CAIS. This offers the convenience of only having one set of login credentials to access both the FIMS and CAIS applications. The URL to access both applications is <https://fims.doe.gov/FIMS>. This is the current FIMS login URL. The previous URL used for CAIS is no longer valid.
- Your FIMS login credentials will continue to work as they have in the past. If you are a current CAIS user, you will now see a link to CAIS on the FIMS home page as well as a CAIS menu option on the left. If you are not a current CAIS user, then neither of these will appear during your session.
- If you are a CAIS user, your CAIS login credentials are no longer needed as well as a CAIS authenticator app if you were using one.

System Documentation

- The FIMS User's Guide has been updated to reflect enhancements associated with this release. This document can be obtained from the FIMS website at <https://fims.doe.gov/fimsinfo/doc.html>.

If you have any questions related to these enhancements, please contact the FIMS/CAIS Help Desk at fims_caiss_help@hq.doe.gov or call 202-287-1397.
